### **GENERAL PROFESSOR EMIL MIHULEAC, PhD**

**Colonel professor, Eugen SITEANU, PhD \***

***Abstract:** Professor Emil Mihuleac was, still is, and shall definitely remain forever one of the most brilliant Romanian scientists. I meant this paper as a summary of the life story of general Mihuleac and his works.*

***Key words:** professor Emil Mihuleac, life and works, Military Sciences Section, great personality*

The members of Military Sciences Section are animated by the highest respect, esteem, and gratitude, almost worshipping General professor Emil Mihuleac, PhD, for the fact that in 1996 he took the initiative to set up the Military Sciences Section within the Academy of Romanian Scientists. Thus, „in the autumn of 1996 he proposed, supported and organized the Military Sciences Section within the Academy of Romanian Scientists”<sup>1</sup>.

General Mihuleac was an encyclopedic personality that performed his scientific activity in several domains (law, economics, philosophy,
